The instruction to use QR code

for downloading 2018 Annual Report and 2018 Sustainability Report

The Stock Exchange of Thailand, by the Securities Depository Company Limited, as a securities registrar, has developed a system to allow listed companies in the Stock Exchange of Thailand to send the shareholders' meetings documents and annual reports in electronic form via QR code allowing shareholders to view the information easily and quickly.

Shareholders can download information via QR Code in the following steps.

For iOS system (iOS 11 and above)

1. Open the camera on the mobile phone.

2. Scan (facing the mobile camera) at the QR Code.

3. The screen will have a notification message on the top, click on the message to view meeting information.

Note: If there is no notification message on mobile phone, shareholder can scan the QR Code from the other applications such as QR Code Reader, Facebook or Line.

For Android system

1. Open the application QR Code Reader, Facebook or Line.

Steps to scan QR Code via Line

Go to Line program and select add friend → select QR Code → Scan QR Code

2. Scan QR Code to view the meeting information.
